

Fast, Safe & Certified Rack Repairs

**Damaged racks aren't just an eyesore...
They are a safety hazard and a costly source of downtime.**

At Associated, we specialize in certified rack repair solutions that restore rack integrity quickly and cost-effectively — helping you avoid the time, expense and disruption of full replacement.

Why Choose Rack Repair

- + Cost-effective, on-site solution that extends rack life and improves safety
- + Strengthens damaged sections for a more impact-resistant result
- + Avoids costly full upright replacements
- + In many cases, no need to unload pallets
- + Backed by nationwide experience and proven results
- + Certified technicians deliver fast, reliable repairs with minimal downtime

Don't wait until minor damage becomes a major problem.

Keep your warehouse safe, compliant and operating at full strength.
